

# Visio

*Is the Tool Code-Based?*

No

*Does the Tool Simulate Navigation?*

Yes, you link a shape to another page without writing code

*Does the Tool Provide additional support  
interactivity?*

Yes, you can write macros, but this is not the tools strength

*What does it cost?*

Standard: \$259.95

Professional: \$559.95

# Visio

*What is the estimated time creating a simple 3-page site?*

It took 10-15 minutes for wires with navigation. Expert and Novice times should be similar.

*Does it have a library of predefined widgets and controls?*

Yes, it includes stencils, but there are also free stencils available created for and by Information Architects.
