

• Have you performed card sorting on a project or course?  
YES NO

• Do you find card sorting to be effective?  
YES NO

• How many projects or courses require card sorting?  
NONE 1-2 3-4 5 or more

• Within your projects/courses how often did you perform the card sorting?  
NONE 1-2 3-4 5 or more

• Have you used different methods for card sorting?  
YES NO

• Describe your method(s) for card sorting.

---

• Which method has been most successful?

---

• Within the scope of the project/course, how successful was your method?  
Did not meet expectations    met some expectations    not all expectations    Exceeded expectations

• What difficulties do you encounter performing the card sorting process?

---

1. How frequently do you conduct usability tests?

- Once a month     Once a week     Once a quarter     more

\* If choose "more", indicate "how frequently":

2. Where do you conduct usability tests?

- In a lab     Subjects workstation     classroom     other

\* If choose "other", indicate "where":

3. What aspects do you need to record?

- Time of interaction     Time spent on pages     cursor Tracking  
 Sequential steps     Task Completion     user Frustration  
 Success rate

4. How do you analyze results from a usability test?

- look at charts     create ratios     Customized Matrices  
 traditional matrix     audio recordings     video recordings  
 screen capture     keyboard logging

5. At any given time frame, are you testing more than one interface?

- Yes     No

If yes, choose one from below:

- 1-5     6-10     10+

\* How frequently have you performed a card sort?

- less a once a year
- 1-2 times a year
- 3-4 times a year
- 5-6 times a year
- 7 or more times a year

\* How have you performed card sorting? (can select more than one response)

- index cards
- sticky notes
- electronically (e.g. ~~websites~~ <sup>websites</sup>, optimal sort, etc)
- other
- have not performed card sorting

if other, what methods? \_\_\_\_\_.

\* How important is it to include remote participants in card sorting <sup>exercises?</sup>  
(i.e. virtual participation via a web app)

- important
- somewhat important
- somewhat unimportant
- unimportant

\* How many people typically participate in one of your card sorting exercise?

- 1-2
- 3-4
- 5-6
- 7-8
- 9 or more

\* Which of the following card sorting methodologies have you used?

- closed sort
- open sort
- both
- I don't know

- For what purpose do you conduct a usability test?
  - Academic
  - Professional
  - Both
- How frequently do you conduct usability testing?
  - Daily
  - Weekly
  - Monthly
  - Once a year
- What mediums do you use to record your usability test data?
  - Written
  - Audio
  - Video
  - Typed
  - Eye Tracking
  - Screen Capture
- Where do you conduct usability testing?
  - On-site lab
  - Outside
  - Academic Lab
  - Remote testing lab
- How do you analyze results from a usability test?
  - Summary Report
  - Database
  - Video logs
  - Audio Recording
- What tools do you use for video Recording?
  - Software \_\_\_\_\_
  - Hardware \_\_\_\_\_
- What tools do you use for audio recording?
  - Software \_\_\_\_\_
  - Hardware \_\_\_\_\_
- What tools do you use for eye tracking?
  - Software \_\_\_\_\_
  - Hardware \_\_\_\_\_
- What software do you use to type in data?
- What tools do you use for screen capture?
  - software \_\_\_\_\_
  - hardware \_\_\_\_\_
- How much money do you spend annually for usability testing tools?
  - 0
  - \$100 or more
  - \$5000 or more
  - \$10,000 or more
