

“A Research Career Working in Industry”

Dr. Gang Wei

Date: Friday, July 14th, 2006

Time: 2:00pm-3:00pm

Location: Millennia Boardroom Room 723

Come hear Dr. Wei from Accenture Technology Labs talk about what a research career in Industry would be like!

Refreshments will be served. For questions, contact:
tim.disney@gmail.com

Dr. Wei is a researcher at Accenture Technology Labs. His current research interests focus on increasingly ubiquitous sensor devices in public places (video cameras, RFID tags, etc.) and how to extract useful information from them.

For more information, you can contact him at
