

Students – How to Install SAS

1. Log into [Webdrive](#) using your Campus Connect credentials
2. Expand the "W" folder on the left-hand side of the screen

3. Expand "software"
4. Expand "Student"
5. Expand "Windows"
6. Expand "SAS"
7. Expand "Installer"
8. Expand "9.4 TS1M3"
9. Download all 16 installer parts
10. After the installer parts are downloaded, double-click on the "SAS 9.4 TS1M3 Installer.part01" file to start the installation process
11. When prompted, review the end user agreement. If you agree to the terms, click "Accept," otherwise click "Decline"
12. Continue through the installer prompts to complete the installation

Troubleshooting Tips
